My Portfolio

## Profile

Junior Front-End Developer with a strong foundation in modern web development and practical experience. I am skilled in building responsive and user-friendly interfaces using HTML, CSS, JavaScript, Bootstrap, Tailwind, and modern frameworks (React). He has built a professional portfolio showcasing real projects and clean, organized code. He is passionate about writing maintainable code, improving user experience and user interface (UI/UX), and continuously learning new technologies to advance in front-end development.

## Education

**Bachelor of Laws (LL.B.) – Expected Graduation: [2026]**

10/2022 – 06/2026

Faculty of Law in Assiut

Assiut, Egypt

I am a law student with academic training in legal principles, legislation, and legal research. I have studied core subjects such as constitutional law, civil law, and criminal law, and developed strong analytical and critical thinking skills. I am able to understand and interpret legal texts and present ideas clearly and logically in both written and verbal form.

## Certificates

### Course in Modern Front-End Development

- Hands-on training in HTML, CSS, JavaScript, and modern frameworks (React, Vite).
- Learned best practices for building responsive, user-friendly web interfaces.
- Gained practical experience by developing small projects to strengthen coding and problem-solving skills.

### Intro to Software Development

- Learned the fundamentals of programming, including Object-Oriented Programming (OOP).
- Gained knowledge in data structures and algorithms.
- Applied basic programming concepts through practical exercises and small projects to strengthen problem-solving skills.

### Back-End Development with .NET ( In Progress )

- I studied the basics of C#, including Object-Oriented Programming (OOP) and data structures.
- I gained practical experience with databases using MySQL.
- I am currently learning back-end development with the .NET, focusing on building server-side applications, handling data, and integrating front-end.

## Skills

HTML5 | CSS | JavaScript(ES6) | React | React Router | Redux | Bootstrap | Git & GitHub | Tailwind | APIs | Responsive Design | Clean Code | Problem Solving

## Professional Experience

### Sales

Palme Bakery

05/2024 – 01/2026

Madinaty - Cairo

## Interests

- Front-End Development and building responsive, user-friendly web interfaces |
- Learning and experimenting with modern web technologies (React, Vite, JavaScript frameworks) |
- Back-End Development and database management (C#, .NET, MySQL) |
- Problem-solving, algorithms, and data structures |
- Developing personal projects and maintaining a professional portfolio |
- Keeping up-to-date with tech trends and participating in coding communities
